

# LaserFest Video Contest

## Win \$1,000 Smackeroos!

Do you love lasers? Ever wanted to unravel the mystery of the stimulated emission? Then the LaserFest video contest is for you. Take any laser you want and use it to somehow express a physics concept. Shine, lase, bounce and wave your way into physics history.

The winner will receive a trophy lovingly made by APS staff from some of our favorite laser toys as well as \$1,000 cash. All entries must be received by May 16th at midnight. Go to [www.physicscentral.com](http://www.physicscentral.com) for contest rules or email [physicscentral@aps.org](mailto:physicscentral@aps.org) for details.
